

COVID-19 RETURN-TO-WORK PROGRAM

Population Health
INNOVATIONS, INC.

Enhance safety, minimize disruption,
and demonstrate that you care.

Lead in the "return to work" journey by signing up for PHII's COVID-19 Return-to-Work Program; screening for symptoms daily; and surveilling for COVID-19 status

SIGN UP

Sign up for the Return to Work Screening and Surveillance tool at [PopulationHealthInnovations.com](https://www.PopulationHealthInnovations.com)

Provide your employee names for initial upload

Obtain customizable templates for new protocols and communications, and CDC printed material, for your company's response to COVID-19

SCREEN FOR SYMPTOMS

Easily screen employees and capture symptom data based on the most recent list of COVID-19 symptoms provided by the CDC

Track symptoms by department for possible areas of pending disruption and preventive cleaning and disinfecting

Demonstrate daily to your employees that you are committed to their health and safety

SURVEIL FOR COVID-19 STATUS

Monitor information related to changes in COVID-19 status

Maintain records to support COVID-19 contact tracing

Minimize risk of closing your business due to COVID-19 outbreak
